Performs up to
62,000 brush
movements
per minute

Removes
up to **20x**
more plaque
between teeth

The #1 most-
recommended
sonic power
toothbrush
by dental
professionals
worldwide

Noticeably
whiter teeth
from day 1

Feel the sonic difference

Innovative sonic technology pulses water between your teeth

Philips Sonicare's advanced sonic technology pulses water between teeth, and its brush strokes break up plaque and sweep it away for that 'just been to the hygienist' professional feeling, every time.

Sonicare solutions for you at any price

There is powerful sonic technology in all of the handles in our range, plus any Sonicare brush head will fit on any Sonicare handle. We're proud that there is a Sonicare solution to suit any budget.

Sonicare For Kids Connected

The parent's choice
for better brushing

- 98% of parents saw improved brushing habits²

Cordless Power Flosser 3000

Enjoy an effortless, thorough clean between your teeth and improve your gum health.

- Remove 99% of plaque in treated areas⁴
- Access hard-to-reach areas with a nozzle that rotates 360 degrees
- Quad Stream nozzle for maximum coverage
- Easy to fill 250ml reservoir for a full 60 second clean
- 2-week battery life

4. In an in-vitro study. Actual results may vary.

Cordless Power Flosser 3000

For those who want the very best for their mouth

Enjoy an effortless, thorough clean between your teeth and improve gum health. Our Quad Stream technology helps you cover more area with less effort, while Pulse Wave technology gently guides you from tooth to tooth

250ml Reservoir

The 250ml reservoir holds enough water for 60 seconds of cleaning. To refill either twist and remove, or use the side door to one handed refilling

Covers more area, effortlessly

X-shaped water streams cover more surface area for a faster, deeper clean versus manual floss

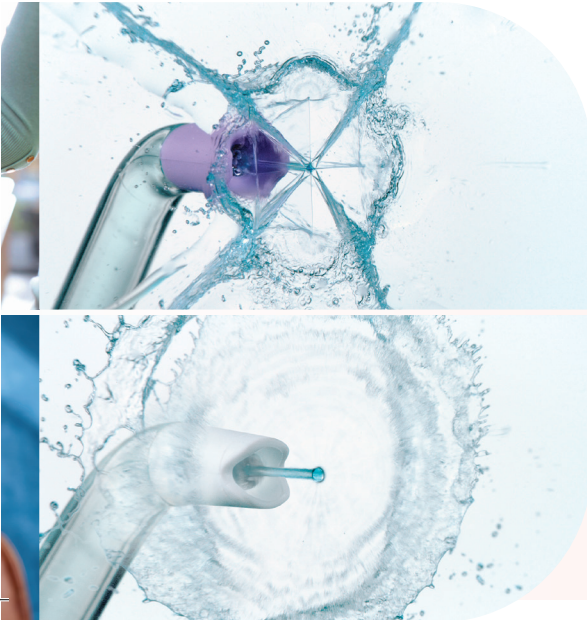

F3 Quad Stream nozzle

For maximum coverage and an extra thorough clean, use the Quad Stream nozzle to concentrate water into four wide streams between teeth and along the gum line. The softer rubber guide is gentle on gums and every nozzle simply clicks on and off

F1 Standard nozzle

Use the standard nozzle for a regular clean. It uses a single stream of water to remove debris and clean thoroughly between your teeth

Choose the perfect brush head for you

Each brush head fits every Philips Sonicare toothbrush
