PHILIPS

Electric water heater

AquaShield

10L, Storage

200W

Single heating element

Mechanical control

AWH1130/70

Warm and cozy bathing

SafeShield all-around protection

With 200W Heat-Express technology, Philips electric water heater reduces waiting time which can be heated quickly. Meanwhile, it use enamel inner tank with Magnesium anode to prevent corrosion, durable and safe.

Heat-Express System for a faster bath

- High Efficiency Heating System reduces your waiting time
- Enamel tank with magnesium anode for better protection
- Polyurethane integrated foam insulation layer
- Continuous temperature control

With all-around protection system

- IPX4 waterproof
- Safeblock Protection against electric shock
- Automatic power-off when the inner tank is low on water
- High temperature protection to prevent overheating

AquaShield

Electric water heater

AWH1130/70

Specifications

General specifications

Product Dimension (LxWxH): 458*930*240 mm
ELCB
Net weight: 7.1 kg
Gross weight: 8.7 kg
Packaging Dimension(L)*(W)*(H): 405*395*390 mm
capacity: 10 L
Waterproof: IPX4

Main parameters

Color: Grey
Control type: Mechanical control
Installation way: Vertical installation
Voltage and frequency: 220V~50Hz
Heating type: Single heating element
Rated pressure: 0.7MPa
Rated power: 200 W
Temperature regulating range: 30-75℃

Country of origin

Made in: China

Service

Warranty: 2 years, 8 years for the inner tank
