PPM4316DB/27

Kneading Massage & Soothing Heat

Relax your back and waist with dual kneading massage heads, 122°F soothing heat and 2 massage modes. One-touch control, a 10-minute auto timer and slow-rebound memory foam make relaxation simple.

Dual Massage Heads Mimic Hands-On Kneading

- Synchronized massage heads deliver deep kneading.
- 122°F warmth helps relax stiff muscles.
- Choose from 2 massage modes for versatile use.
- One-touch control with a 10-minute auto timer.
- Soft support with lasting shape retention.

Highlights

Dual Massage Heads Mimic Hands-On Kneading

Two built-in massage heads work in sync, moving back and forth like a pair of hands kneading your lower back. Alternating pressure and rhythmic movement deliver a deep kneading massage to target soreness and tension, helping ease built-up stress and gradually relax your body.

122°F Soothing Heat

122°F soothing heat delivers deep, comforting warmth to help relax stiff, sore muscles. Combined with massage, it helps promote circulation and provides a warm, soothing sensation that melts away everyday fatigue.

2 Massage Modes

Choose between 2 built-in massage modes to suit your needs. Designed for versatile full-body use, it can help relax your lower back, upper back, shoulders, neck, and more—so you can enjoy soothing comfort whenever and wherever you need it.

One-Touch Control

Start your massage with one touch. The built-in 10-minute auto timer shuts the massager off automatically, with no complicated settings required—making relaxation simple and effortless.

Slow-Rebound Memory Foam

Made with slow-rebound memory foam that gently conforms to the natural curves of your back and waist, providing cushioned support to help distribute pressure. Its resilient construction maintains its shape over time for lasting comfort and durability.
