Philips leads the industry in customer satisfaction

Year after year, Philips Healthcare Patient Monitoring has been recognized for excellence according to independent IMV ServiceTrak™ surveys.¹ Customers have consistently ranked Philips #1 in Overall Manufacturing System Performance and Probability of Repurchase. In 2011, over 85% of Philips respondents were highly satisfied (rated Philips a 5 or a 6 on a 6 point scale) with Philips for Overall Manufacturer Performance and over 90% were highly satisfied with Philips for Overall Service Performance. The 2011 IMV ServiceTrak – Patient Monitoring Systems report surveyed over 1000 hospitals and is based on 25 attributes assessing satisfaction with manufacturer, system, and OEM service performance.

¹ ServiceTrak is one of the most recognized and trusted surveys in the healthcare industry. The survey is conducted annually by IMV, an independent healthcare market research company which has been analyzing the medical imaging, clinical diagnosis, and analytical instrument markets since 1990. ServiceTrak reports provide objective, non-anecdotal benchmarks of service levels, as measured by actual customer experiences and impressions. Respondents are drawn from a randomized database of U.S. hospitals.
